Millboro High Annual Staff

Presents

"The Wildcat"

of 1966

Co-Editors:

Larry Anderson

Carol Reese

From the Editors: It is our responsibility and privilege to see that "The Wildcat" gets to you, the pictures taken, and the proof-reading done correctly. This truly is a responsibility, but since only 2 people are chosen to fill this position each year we consider it a privilege too. We sincerely hope you enjoy "The Wildcat" this year as much as we have enjoyed preparing it for you, and that you'll rank it among the best of Millboro's yearbooks.

From the Business Managers: We two have a responsibility, too. It is our job to see that the ads for our yearbook are gotten, typed, and paid for, as well as to sell the yearbooks when completed. We take this task seriously, and consider it an honor. Our supporters, both old and new are always willing to help and we would like to say, "thank you." Another "thank you" we send to our parents, teachers, and friends who buy our yearbooks, and show a genuine interest in it.

Business Managers:

Mollie Cauley

Dorothy Kennedy

To You, Dr. Hileman,

We Dedicate

. . . . . a physical, a headache, a sore throat, a broken bone, a bloody nose, a baby's first cry; all in a day's work . . . . . .

Because of his unlimited interest in our community and school, the many times he's gone out of his way to help us, his unselfish attitude toward life, and his ever reassuring "son, you'll be O.K." we, the Senior Class of 1966 dedicate this edition of the "Wildcat" to Doctor Samuel Palmer Hileman.

School Principal

Thomas M. Capley

A message from our principal:

It is the utmost concern to the administration at Millboro School to continue improving the conditions and environment of the school. We hope, through our efforts, that the school will be both favorable and conducive to good learning.

May we ask the cooperation of the students, the teachers, the staff, and the people of the community in seeing that our aim is accomplished.

With best wishes

Thomas M. Capley

The students now enrolled in M.H.S. are being shaped, molded, and influenced by the school just as their parents were influenced, shaped, and molded. Young people of today are the mortar and stone with which Millboro High School builds the citizens of tomorrow. The student body is larger than it has been in previous years and the senior class is better prepared.

The five classes work and play together harmoniously, helping one another, and depending on their school for guidance. These students are the architects, statesmen, and doctors of tomorrow. Millboro High is building them.

THE FOUNDATIONS ARE LAID

Class of

HIGHLIGHTS OF 1966

This year the Juniors had a busy time of it. First, there was ordering their rings, and the long wait for them to come. Next came planning for one of the biggest events of the school year -- the prom. And last but not least: The biggest day of all for a Junior, the last day of school when he can say, "I am now a 'mighty' Senior." But the memories of all the good times and hard work will last forever . . . . . .

THIS YEAR WAS A REAL ONE, WASN'T IT?

The year 1966 was a good year for the Sophomores of Millboro High. They really got into the "swing" of high school life. Five members of the class were inducted into the National Beta Club, and both boys and girls in the class participated vigorously in athletics.

WHAT WE DID . . . . . .

This year the Freshmen were well prepared to come to school in August. After last year, they have learned all the tricks, and how to get around each teacher. Seriously, though, the Freshmen have worked in well with the other classes and will never forget this year.

OUR FIRST YEAR ---

This year's eighth grade class really had an exciting time of it. First, there were those first REALLY hectic days of high school and getting used to changing classes and ALL those teachers.

Next year can't be as much fun for them. Nor will any year after this one. It was a year that was one!

After the foundations are laid, a building begins to take shape. The walls rise to give it dimension. And meaningful activities give greater dimension to a school. Each year more and more students participate in the extra-curricular activities of Millboro High School. In striving to uphold the standards of the organizations to which they belong, they are building integrity. Many of the school organizations present programs which are open to the community in addition to school assemblies. By taking part in the club projects and programs, the students are developing dependability and poise.

Each program planned and project finished adds to the growth of the organization and the individual member.

Every building needs certain strategically placed braces for added strength. A strong school is made stronger by adding reinforcements which make for school unity. School sports are such braces. Millboro High School students are enthusiastically sports-conscious. On the basketball court, the baseball diamond, and the track field, the representatives of the school display their skill and sportsmanship. Those who do not participate are exuberant spectators and support their school teams with their presence and their cheers.

As the seasons change, the hue and cry changes from "Make that basket" to "Run faster" to "Knock it into the Ag building." Students unite in playing their best or yelling their loudest. Millboro High becomes a better and stronger school.
